Martin Whales Asks for a Writ of Certiorari.

TROUBLE WITH SCHOOL BOARD

A Change of Residence From District to No. 9 Wyoming Results in a Law Suit.

Martin Whalen filed a petition for a writ of certiorars in the case of Whalen va Loren Day et al., yesterday In his a Edwit he charges that the officers of school district No. 7 of Wyoming detached his property from that district and added it to school district No. 9. He me the action of the board is woid, claims the action of the board is void, because no notice of the meeting at which the change was made, and as the law requires, was ever posted in the districts to be effectively because no proof of posting the notices was filed with the township clerk, and because within three years he was tared for building a school house in district No. 7; and because the change was made against his remotatrance. He asks the court to renew the case and set asks the action taken by the district school boards. Asked for a Mandamus-

Asked for a Mandemua-City Attorney Taylor filed a petition for a manimum to compel the board of public works to pure South Ionia with common cefar blocks. It will be re-mombered that the board of public works claims the right to say whether the blocks shall be sapless or common, and that the council can dictate only in a general way the nature of the im-provement. The council wishes com-mon blocks used and will attempt to mon blocks used and will attempt to force the loard to improve the street with common blocks.

Miner Court Notes.

George Johnson, arrested for burglary, was discharged in police court yesterday, but he admitted his guilt as to the charge of largeny and waived exnation. He says be will plead guilty in the superior court today.

The warranty and inventory of Arthur Brown of Caledonn was filed in pro-bate yesterday, showing him to have been worth \$1,500.

A hearing was had in the probate court penterday on the claim of J. W. Holessah for price against his father's

WORK TOO MANY HOURS.

The Cause of Much Sickness in

Those Who Cannot Travel May Gain Rene ved Strength

Sick men and women are met on every hand, here and across the conti-nent of Europe, scattered up and down the sunny shares of the Mediterranean, steaming across the ocean in search of

Those who work too many hours soon lose their only wealth—their health. The nervous system and the brain do not got rest enough; exhaustion and excitability gradually take the place of love of work. Sound sleep deserts, their

EXPRESSMAN SEAVES.

appetite fails, indigestion troubles, and they are sick. Then it is that they should take the remedy that makes the people well. For Paine's celery compound supplies the system with nerve and brain food, and sustains the vital force and energy. It takes away the drowsiness and nervous headache which result from protracted work coupled with anxiety. Paine's celery compound lays the foundation of health by making sound sleep possible. It scothes and quiets the nerves when they are working confusedly. It tones up the digestive organs.

digestive organs.

One of the most enterprising expressmen in Boston Mr. H. Seaver of 30 Warren street, Roxbury, Mass., who owns an express business running from Boston to Koxbury and the Highlands, Boston to Koxbury and the Highlands, says: "On the recommendation of a friend I got some of Paine's celery compound for my family. We have used it as a family medicine, and in every case it has proved a cure. We will use it and recommend it to all as long as it proves to be such an all-curing remedy. The friend mentioned is a commercial traveler, and was cured of dyspepsia by using three bottles of Paine's celery compound, and felt in duty bound to recommend it."

In these days of hot and pouring sun rays all those who are obliged to labor and who feel the enervating effects of the summer should take Paine's celery compound. It makes people well, as it did in the home of Mr. Seaver.

OUR BOYS' SAFETY.

A Splendid Machine That Is Offered Free for Staty Herald Subscribers.

The Young America \$15 Long Distance Safety is made of steel and wood so combined as to secure the lightest and strongest machine. The frame and wheels are made from the best quality second growth hickory, which is selected instead of steel for these parts because it combines great strength and toughness with lightness.

An all-steel machine made heavy enough to withstand the hard usage to which it is subjected is so heavy as to be a serious drawback to its universal use by young people. Again, the steel ma-

by young people. Again, the steel ma-chines, without the greatest care being taken to keep them clean and dry, soon become rusted and therefore easily broken; whereas a machine made of steel and wood will not suffer from ex-

posure any more than a carriage

A bickery framed and wheeled safety is not only more durable and lighter, but it is much more elastic, and the loss of the vibration and rigidity found in the all-steel machines makes these steel and hickory machines more comfortable and hickory machines more comfortable for riding than any other machine made. The cushioned seat is suspended on our patented spiral spring, adjustable to varying heights and weights, and this, in combination with the hickory frame, makes the easiest possible riding machine. The sprocket wheel chain is perfectly adjusted, so as to utilize the full amount of power expended, and is made so strong as to be practically unbreak able. The patented head, found only on this machine, is a triumph of American ingenuity, and makes the wood and steel conjunction perfectly strong and firm. For these parts only the best imported weigless steel tubing is used. The rubber cushion tire is secured to the wheel rim in such a manner that it is the wheel rim in such amanner that it is guaranteed not to become detached or manner that it is guaranteed not to become detached or manner. The wheel bearings are a blass collar so delicately adjusted to the steel shaft as to reduce the friction to a minimum, and render the usual ball bearings superfluence. The principle upon which they are under a the same as is used to construction they are upon which they are unde is the same as is used in constructing heavy machinery, where the greatest amount of work must be secured from the least expenditure of power. The entire machine is finished with a heavy coat of glossy black enamel, making a finely finished social surface, which, when lightened up by its desirate striping and meiceled head frame, makes a most beautiful machine, which for tasty appearance as well as positive durability and general wearing qualities is absolutely une red led, if equaled, by any machine of great led, if equaled, by any machine offered. The quality of materials used and the workmanship are fully guaranteed in every particular. Read The Henne's add to learn how to get a machine free.

VOU ARE INVITED

TO ATTEND OUR

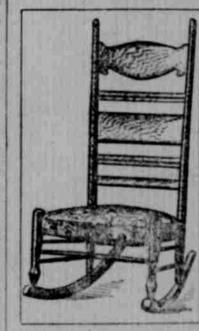

GREAT SPECIAL SALE

OF IRON GRANITE WARE, TINWARE, JAPANNED WARE

And everything in the line of house furnishing goods-Wash Boards, Wringers, Churus, Slop Pails, etc. Dan't you need a FLY TRAP, or will you have a PAT TRAP, or is it a BIRD CAGE you want? All marked in plain figures. Come and see

THE GUNN HARDWARE CO., WINKIAK

47 AND 49 MONROE STREET.

May be good enough for some of our competitors to thrust upon the honored and enlightened public, but by doing so the strong current of trade is invariably drifted to the Winegar Furniture Company, the only firm in the city that do

Whatever they do, do with their might. For things done by nalves are move done right.

That we are not doing things by halves will easily be seen by glancing over the following list of bargains-not one-half off either:

A 6-foot Extension Table, 42x42, sq're top, antique oak finish, cheap at \$5, \$4.00

Chantauquan Secretary and Bookcase, solid oak, \$5.00 polish finish, regular at \$7.50, for.............

Solid oak Bedroom Suite, 18x40, bevel plate mirror, rub and polish finish, never before \$19.00

Solid oak Bedroom Suite, 24x30, bevel plate mirror, rub and polish fluish, not \$22.50 as \$17.80

The same Suite in Ash, always sold for \$17, we \$15.00

And the finest line of CASES, not HARD CASES, but hardwood CASES; cases made of solid oak, polish finish, of all styles and descriptions, including Dressing Tables in mahogany, no woman in the CASE, but cases involving the Rockford Chair and Furniture Co., for it is their sample line of BOOK CASES. Being a sample line of Cases does not alter the case any, but in case that you should want to buy a BOOK CASE and SEC. RETARY it would alter the price of the CASE 25 per cent in your favor. These cases are sold at one-quarter off, not one-half.

CASH OR INSTALLMENTS.
